DELIBERATING EDUCATION AND HEALTHCARE**

PRE – DELIBERATION WEB SURVEY

Our first questions are about education.

Q1. Students are often given the grades A, B, C, D, or FAIL to denote the quality of their work. Suppose the public schools themselves, in your community, were graded in the same way. What grade would you give your community's public schools?

- A
- B
- C
- D
- Fail
- Haven't thought much about it.

Q2. How about the public schools in the nation as a whole? What grade would you give the public schools nationally?

- A
- B
- C
- D
- Fail
- Haven't much thought about it

Q3. In order to improve public education in America, some people think the focus should be on reforming the existing public school system. Others believe the focus should be on finding an alternative to the existing public school system.

Which approach do you think is preferable?

- Reforming the existing system
- Finding an alternative system
- Couldn't say

Q4. In your opinion is there too much emphasis on standardized testing in the public schools in your community, about the right amount, or not enough emphasis?

- Too much
- About the right amount
