

Summary Results for Presidential Candidates Who Attended America in One Room

Graphic compares participants after deliberation and control group (without deliberation)
There is increased support among deliberators, who identify as Democrats, for Republican candidates at the America in One Room Deliberative Poll.

Graphic compares participants after deliberation and control group (without deliberation)
There is increased support among deliberators, who identify as Republicans, for Democratic candidates at the America in One Room Deliberative Poll.

For the tables below, percentages indicate “Support” answers 6 to 10, on a 0 to 10 scale (where 0-4 is oppose and 6-10 is support and 5 is in the middle). The means are in parenthesis. All results reported are for after deliberation for participants and the control group was administered the survey around the same time. More detailed results for the project are available on the CDD web site (<https://cdd.stanford.edu/2019/america-in-one-room/>)
